

# CONTROL SYSTEMS MANUFACTURING

*Superior Automation Products Through Systems Engineering*

*Industrial Electronic and Electrical Systems  
Integrator*

**CSM INC.**

Custom U.L. Control Panels

U.L. Motor Control Centers - 2000 AMPS

Motor Drive and Control  
Cabinets

**CSM INC.** 2873-A Bobo Road, Dallas, GA 30132 USA (770) 443-9555; (770) 443-3830 (Fax)

# Company Profile

**CSM Inc.** is the registered TM of **Control Systems Manufacturing Inc.** and was established in 1992, initially as a Moeller International Systems Integrator, engineering and building U.L. - 508 certified control systems.

Having since developed similar associations with many other leading international automation component manufactures, **CSM Inc.** can now offer it's expertise in industrial control system design and fabrication to your company, while successfully meeting any of your specialized component requirements.

**CSM Inc.'s** staff has a combined experience of over 100 years serving the industrial automation marketplace and is committed to excellence, from conceptual system design through equipment start-up and maintenance service.

## PLC - Filter Bed Control Consoles

### Console Desktop Graphics

# Advantages Offered

- In-house systems engineering using computer aided drafting (CAD) for fast, accurate designs. All systems shipped with “As-Built” engineered drawings.
- Authorized systems integrator for ABB and U.S. Drives, Allen-Bradley PLC’s, Sprecher+Schuh Motor Controls and Moeller Electric Motor Controls and PLC’s.
- Authorized U.L.- 508 & C.U.L. facility.
- Programmable Logic Controller panels and PLC programming.
- U.L. Labeled Motor Control Centers.
- Complete component, panel and system testing prior to shipment.
- Custom panel fabrication using customer supplied components and engineered drawings.
- International Component and Instrumentation sales.
- Domestic & World wide export service including crating.
- Jobsite start-up assistance and on-site programming.
- Prompt panel quotations and deliveries.
- Competitive pricing.
- References.
